Re: Proposed annexation to the
City of Compton,
"Annexation District No. 116"

Dear Mrs. Harlan:

At the meeting held on July 11, 1956, the County Boundary Commission reviewed the boundary description and map submitted on June 26, 1956 by Mr. Don W. Robins, City Engineer, Compton, for the above proposed annexation to the City of Compton.

Although the boundaries submitted do not create islands or corridors of unincorporated territory, and conform with lines of assessment as nearly as practicable, the County Engineer called to the attention of the Commission that certain minor changes were desirable to clarify and perfect some of the references required to provide the definiteness and certainty intended under provisions of Section 35002 of the Government Code. Said revisions would make no change in the location of the boundaries shown on your map.

The County Boundary Commission approved the boundary description submitted by Mr. Robins and the alternate description recommended by the County Engineer and respectfully suggests the alternate description be used in all proceedings relating to the proposed annexation.

4. Although the legal description as submitted can be approved as to definiteness and certainty in accordance with Section 35002 of the Government Code, certain minor changes are desirable to clarify or perfect some of the references.
